HOW TO:

Load audio on the SoundStik-mp3

File specifications: standard CD format
128 kbps bit rate, 44.1 frequency sampling rate

1. Connect the SoundStik to your PC or MAC using the USB mini cable provided

2. Power up the SoundStik

3. The SoundStik will come up as a removable drive

4. Right click and delete any existing file (our test message or your previous program)

5. Copy and paste your new mp3 file (Attn: Mac Users! Delete any extra files/tags)

6. Unplug the USB cable

The message will play once and stop.

To restart, replace in the hanger mount. Then lift to listen.

Convenient, highly durable SoundStik-mp3 handsets deliver great sound, maintain a quiet ambiance, and comply with ADA and Section 508 accessibility standards.
